CERTIFICATION OF CAPABILITY IN BUSINESS ANALYSIS

Course Outline

Program Overview

The CCBA Certification course covers the basic skills needed by business analyst professionals. CCBA is a formal recognition of a business analysis practitioner's expertise, based on the standards of the International Institute of Business Analysis (IIBA®).

Program Features

- 16.5 hours of high quality e-learning content
- Courseware aligned to IIBA's 2016 CCBA release
- Lifetime access to self-paced learning
- Industry-recognized course completion certificate
- Three simulation tests Six case studies 22 PDUs offered

Delivery Mode

Online self-learning

Prerequisites

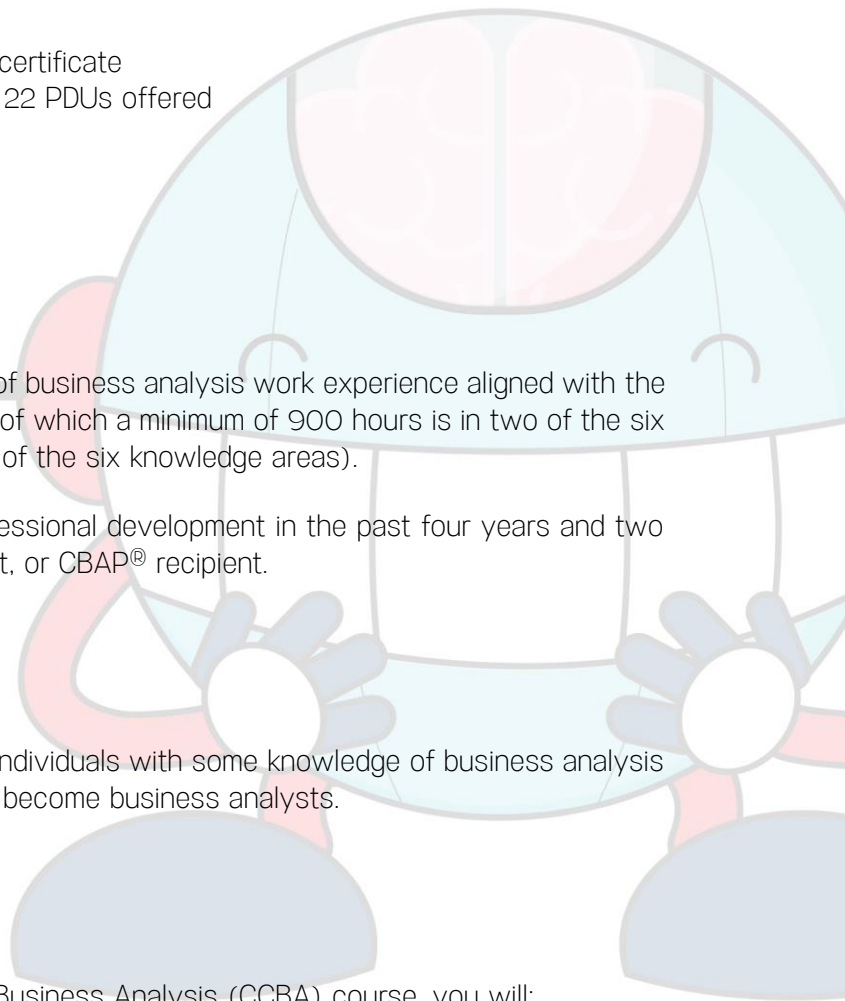

- You need to have at least 3,750 hours of business analysis work experience aligned with the BABOK® Guide in the last seven years (of which a minimum of 900 hours is in two of the six knowledge areas OR 500 hours in four of the six knowledge areas).
- You also need to have 21 hours of professional development in the past four years and two references from a career manager, client, or CBAP® recipient.

Target Audience

The CCBA certification training is designed for individuals with some knowledge of business analysis and ideal for business professionals aspiring to become business analysts.

Key Learning Outcomes

By the end of this Certification of Capability in Business Analysis (CCBA) course, you will:

- Understand the skills and techniques needed to become a business analyst
- Execute and apply business analysis practices as outlined in the BABOK Guide
- Access and prioritize requirements in life cycle management
- Deliver higher quality results with increased consistency and efficiency

Certification Details & Criteria:

- Complete at least 85% of the CCBA course
- Complete one assessment test with at least a 60% score
