

Certified Scrum Product Owner (CSPO®)

Course Outline

Course Overview:

Certified Scrum Product Owner® (CSPO) training from the Scrum Alliance® enhances your Scrum expertise. Enable collaborative, cross-functional teams to deliver projects in incremental portions with help of Scrum. You will learn how to improve product value by speeding up the delivery of a product's features, leading Scrum teams, getting stakeholders excited about your product, effectively communicating what you want the product to do, and maximizing project ROI.

Course Highlights

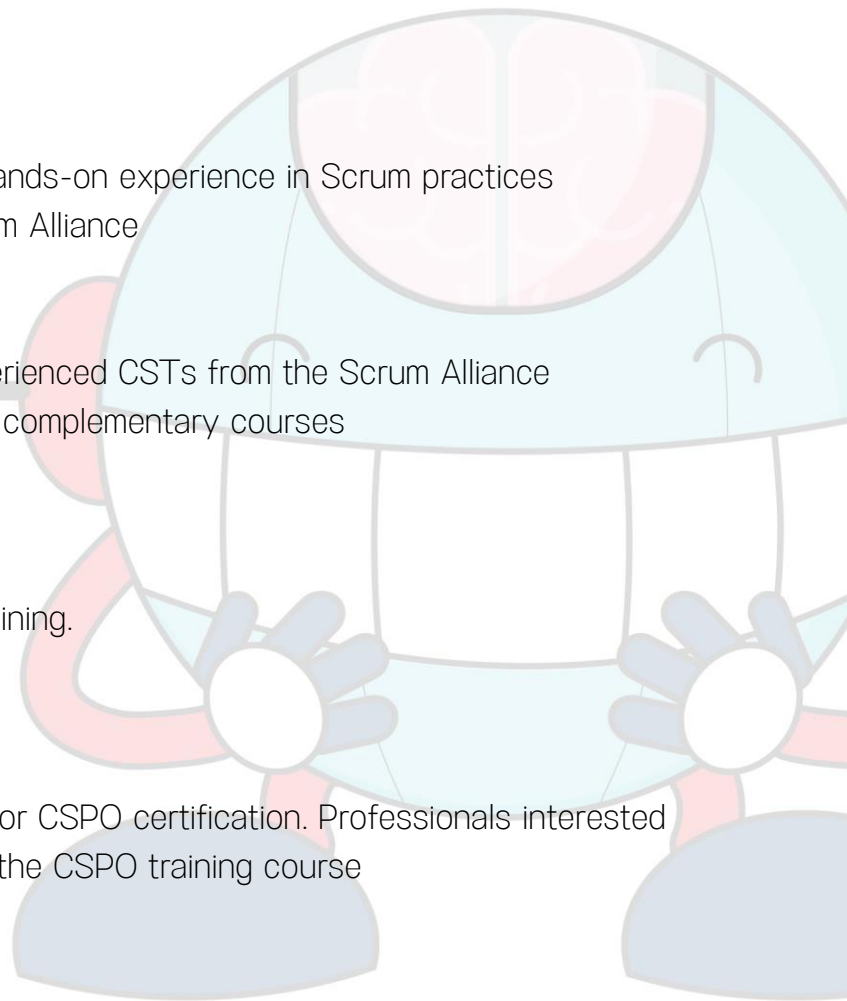

- Two days of classroom training
- Games and exercises that grant hands-on experience in Scrum practices
- Two-year membership in the Scrum Alliance
- CSPO certification
- Earn 16 PDUs and 20 SEUs
- Attend training conducted by experienced CSTs from the Scrum Alliance
- 15 courses* worth INR 25,000 as complementary courses

Course Delivery Method:

This course is delivered as classroom training.

Prerequisites:

There are no set eligibility requirements for CSPO certification. Professionals interested in getting Scrum certification can attend the CSPO training course

Skills Covered:

- Scrum and Agile frameworks
- Release management
- Leadership skills to manage Agile teams

Who Will Benefit:

- Scrum team members such as developers and product owners
- Managers of Scrum teams
- Teams transitioning to Scrum
- Professionals interested in gaining a professional ScrumMaster certification

Key Learning Outcomes:

With this CSPO training you will be able to:

- Implement Scrum and Agile methodologies
- Describe the importance of Agile
- Implement Scrum projects in a team
- Embrace best practices of Scrum and Agile

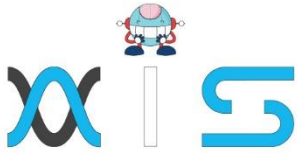

Accreditations:

Our CSPO course is aligned with the Scrum Alliance and we are a certified training provider for this course.

Certification Criteria:

Attend one complete classroom training batch to get your Simplilearn CSPO certificate.
