

# CISA® CERTIFICATION TRAINING

Course Outline

## Program Overview

Our CISA® course is aligned with the latest 2019 edition of the CISA exam and ensures that you ace the exam on your first attempt. Most jobs in this field either require or prefer that candidates have a CISA (Certified Information Systems Auditor) certification. The CISA training course will enhance your understanding of IS audit processes and also help you understand how to protect information systems.

## Program Features

- 69 hours of blended learning
- 29 hours of Online self-paced learning
- 40 hours of instructor-led training
- Five simulation exams
- 10 industry-based case studies
- Five domain-wise test papers

## Delivery Mode

**Blended** - Online self-paced learning and live virtual classroom

## Prerequisites

To get your CISA certification, you need to:

- Submit the completed application within five years from the date of initially passing the examination
- Get all the experience you've listed verified by your employers. The experience should have been gained within the 10-year period preceding the date of application or within five years of passing the examination
